This month we will begin learning about the life cycle of plants and animals. We will be planting several types of beans in our spring garden and hypothesizing about which bean will sprout first. In geography we will be studying Australia and learning all about marsupials such as kangaroos and wombats too.

Ms. Emma and

Ms. Twyla

104:

This month we will study the Continent Australia. We will learn facts about the marsupials who live there.

We will also begin our spring botany lessons, germinating seeds and learning about parts of the seed and plant.

In language we will enjoy books by Author Dr. Seuss!

Ms. Tracia

105:

We will be very busy this month. Besides our wonderful lessons, we will study the history of Mardi Gras and celebrate Go Texan Day. Upon return from Spring Break, we will begin Iowa Tests of Basic Skills. Please make sure your student is well rested and has a healthy breakfast each morning. We are always so proud of how well our students score!

Please join us for Science Fair on Monday March 24 at 6:00 pm. All Elementary and Kindergarten students will be exhibiting their wonderful projects.

Ms. Harris and Ms. Dreher
